

The ReliabeCloud is in the business of web hosting, not marketing. We use your data for internal purposes only, including contact information, billing information, technical information, specific types of usage information (such as pages visited, time spent on the site, etc.), and reseller information. This information is mainly used to assure quality service for our customers and collect payment. On the other hand, visitor information is also used for internal purposes only. We conduct research using this data to improve our marketing strategy. In addition, we will not use any of this information to sell data or spam users, customers or visitors. The ReliabeCloud also stores all correspondence between us and our customers for record-keeping and historical service reference.

At ReliabeCloud, we respect your privacy. We pledge not to sell or transfer your personally identifiable information to unaffiliated third parties without your explicit consent at the time of collection. You have the power to decide whether you want to receive promotional and/or marketing information about other products, services, and offerings from us and any third parties. Your privacy, your choice.

Further, notwithstanding any user opt-out of promotional information, the ReliabeCloud reserves the right to contact a subscriber regarding account status, changes to the subscriber agreement, and other matters relevant to the underlying service and/or the information collected.

The ReliabeCloud may disclose user information in exceptional cases when we have reason to believe that disclosing this information is necessary to identify, contact or bring legal action against someone who may be causing injury to or interference with (either intentionally or unintentionally) the ReliabeCloud's rights or property, other ReliabeCloud users, or anyone else that such activities could harm. The ReliabeCloud may disclose user information when we believe in good faith that the law requires it.

The ReliabeCloud reserves the right to perform statistical analyses of user behavior and characteristics to measure interest in and use of the various areas of the site and to inform advertisers of such information as well as the number of users that have been exposed to or clicked on their advertising banners. The ReliabeCloud will provide only aggregated data from these analyses to third parties. Also, users should be aware that the ReliabeCloud may sometimes permit third parties to offer subscription and/or registration-based services through the ReliabeCloud's site. The

ReliabeCloud is not responsible for any actions or policies of such third parties, and users should check the applicable privacy policy of such parties when providing personally identifiable information.

Users also should be aware that non-personal information and data may be automatically collected through the standard operation of the ReliabeCloud's internet servers or the use of "cookies." Cookies are small text files a website can use to recognize repeat users, facilitate the user's ongoing access to and use of the site and allow a site to track usage behaviour and compile aggregate data that will allow content improvements and targeted advertising. Cookies are not programs that come onto a user's system and damage files. Generally, cookies assign a unique number to the user without meaning outside the assigned site. Users should be aware that the ReliabeCloud cannot or does not control the use of cookies or the information resulting from advertisers or third parties hosting data for the ReliabeCloud. If a user does not want information collected through the use of cookies, there is a simple procedure in most browsers that allows the user to deny or accept the cookie feature; however, users should note that cookies may be necessary to provide the user with certain features (e.g., customized delivery of information) available on the ReliabeCloud's site.

Upon request, the ReliabeCloud will allow any user to "opt-out" of further promotional contacts at any time. Additionally, upon request, the ReliabeCloud will use reasonable efforts to allow users to update/correct personal information previously submitted, which the user states is erroneous to the extent such activities will not compromise privacy or security interests. Also, upon a user's request, the ReliabeCloud will use commercially reasonable efforts to functionally delete the user and their personal information from its database; however, it may be impossible to delete a user's entry without some residual information because of backups and records of deletions.

The preceding policies are effective as soon as you opt for any service on the ReliabeCloud's website or visit the ReliabeCloud's website pages. The ReliabeCloud reserves the right to change this policy at any time without notifying or notifying users of a new privacy statement. This statement and the policies outlined herein are not intended to and do not create any contractual or other legal rights in or on behalf of any party.

You use this site to signify your assent to the ReliabeCloud's Privacy Policy. If you disagree with this policy, please do not use our site or services. Your continued use of the ReliabeCloud's sites after posting changes to these terms will mean you accept those changes.

If you have questions or concerns regarding this Web site's privacy statement, contact the ReliabeCloud as soon as possible at care@reliabecloud.com

GDPR

As our ReliabeCloud is headquartered in India, we adhere most closely to applicable Indian laws. We do, however, value our non-Indian users. The ReliabeCloud has implemented policies to adhere to the European Union's General Data Protection Regulation ("GDPR"), which includes strict data protection principles that organizations must follow to protect the personal information they collect about their clients or people who visit their websites. While many rules and actions may be the same in India and the EU, there may be specific policy differences. If you are concerned about how your personal information is being collected with GDPR, please use this contact information and contact the ReliabeCloud (care@reliabecloud.com)
